Dear friends from the media,

The official launch of the Third and Final Report of the Independent International Commission of Investigation into Human Rights Violations in the Philippines (INVESTIGATE PH) will take place online in two media events on September 13, 2021.

This launch coincides with the 48th Regular Session of the UN Human Rights Council, where High Commissioner Michelle Bachelet will present an oral update on the progress and results of the technical cooperation and capacity building for the promotion and protection of human rights in the Philippines (*UNHRC Resolution 45/33*).

In addition to its submission to the Human Rights Council, the report will be submitted to the International Criminal Court this September to support their full investigation into suspected crimes against humanity committed by the Philippine President Rodrigo Duterte and his government.

We encourage you to join these media events and witness the presentation of the Investigate PH High Commissioners on the findings of their independent investigation as the human rights crisis rapidly unfolds in the Philippines. Time will be provided for questions from the media.

For more information, including how to obtain a copy of the report or to schedule media interviews, please send an email to info@investigate.ph, or contact us via WhatsApp:
